## Fastener Division

Advanced Sealing & Supply is a premium manufacturer and supplier of standard and specialty threaded fasteners for use in the refining, power generation, chemical and general industries.

Our state-of-the-art equipment, large inventory and a stringent QA/QC program ensure compliance with the specifications and demands of our customers.

### Standard Bolts and Nuts

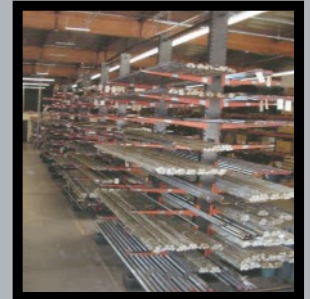

At Advanced Sealing we stock a full range of standard fasteners, prepackaged and available for immediate shipment. The bolt inventory at Advanced Sealing consists of standard B7/2H as well as B7 Teflon coated studs and nuts.

### High-Strength Industrial Stud Bolts

We have a large inventory of A-193 threaded bar in diameters from 1/2" to 4" in the most popular grades: B7, B7M, B16, B16M, B8 and B8M - and three full fabrication lines to cut, chamfer and stamp custom stud bolts to our customer's precise requirements.

The accuracy of every stud bolt order is assured by our ISO 9001:2008 Quality program.

### Specialty Fasteners

Our CNC equipment, trained personnel and broad capabilities allow us to provide high quality fasteners to our customers precise requirements.

*We welcome the opportunity to provide your facility's fastener requirements for standard, special or rush requirements.*
